

Ann Griggs

I am currently Deputy Headteacher at Dover Grammar School for Girls and a teacher of Mathematics. I have been at Dover Grammar School for Girls for 20 years. I have been connected to Hythe Bay School in various ways for many years. Initially when my 3 children attended both Hythe Infants and Hythe Junior Schools many years ago. I was part of the Parents association for many years taking various roles and organising fund raising events. I am also proud to say that 6 of my 9 grandchildren have also attended or are currently attending the school. Throughout the many years I have been involved with the school I have thoroughly enjoyed attending the various plays, markets, fetes and other events that are held at the school. I particularly enjoyed 'Party on the Playground' in the Summer and attending the Christmas Carol Concert with the Year 6 nativity. As a teacher I believe education is key and is the pathway to ensuring the future success of the young individuals that we work with. Although my experience is within the secondary sector I welcome the opportunity to work with the Governing Body to enrich the lives of the students as they start their journey in life and to give something back to Hythe Bay School which has been instrumental in supporting my family throughout those vital early years.
